Health Information Technology

# Today's Agenda:

- Roll Call and Welcome
- Summary, Action Plan, and Approach
- Deep Dive on PA Info Table
- Next Steps and Logistics
- Public Comment

**Vision**: Support the convergence of clinical and administrative data to improve data interoperability to support clinical care, reduce burden and improve efficiency—furthering implementation of “record once and reuse.”

**Overarching Charge**: Produce information and considerations related to the merging of clinical and administrative data, its transport structures, rules and protections, for electronic prior authorizations to support work underway, or yet to be initiated, to achieve the vision.

# Summary, Action Plan, Approach

## Last Meeting

- We examined the Wheelchair DME PA workflow outline and opportunities for improvement
- Determined a need to consider in more detail the information needs for each step, separate from the current workflow so as not to ‘digitize bad processes’

## Approach for Today's Work

- Our goal is to use these Tuesday meetings as working time to maximize impact
- We want to dive deep into the content each meeting to end up with strong recommendations

A large, abstract graphic on the left side of the slide, composed of numerous overlapping triangles and polygons in various shades of blue, green, yellow, and orange. The shapes are arranged in a way that creates a sense of depth and movement, resembling a stylized, multi-colored geometric pattern.

# Deep Dive on the PA Info Table

## Components Table Goals

- Define the data elements and requirements associated with workflow steps
- Today we'll examine the categories on the PA Information table, and how to fill it in, using the live document

[show live table]

## Next Steps and Logistics

## Next Steps

- TF members will receive a link to the PA Info Table spreadsheet
  - Email [onc-hitac@accelsolutionsllc.com](mailto:onc-hitac@accelsolutionsllc.com) if you have trouble accessing it
- When you make an edit:
  - Highlight the edited cell in yellow
  - In a comment, explain your edits and include your initials at the beginning

## Meeting Cadence

- In response to emerging events and work related to the COVID-19 outbreak, we are considering adjusting the frequency of these meetings.
- Would it still be possible to complete our work if we moved to biweekly meetings?
- How else might we accommodate emerging needs with the current work?
