Today's Agenda:

- Roll Call and Welcome
- Summary and Action Plan
- Review Draft Paper and Comments
- Plans Moving Forward
- Public Comment
- Next Steps

Vision: Support the convergence of clinical and administrative data to improve data interoperability to support clinical care, reduce burden and improve efficiency—furthering implementation of “record once and reuse.”

Overarching Charge: Produce information and considerations related to the merging of clinical and administrative data, its transport structures, rules and protections, for electronic prior authorizations to support work underway, or yet to be initiated, to achieve the vision.

A large, abstract graphic composed of overlapping, semi-transparent geometric shapes (triangles, hexagons, and squares) in various shades of blue, green, yellow, and orange. The shapes are arranged in a way that creates a sense of depth and movement, with some shapes appearing to be layered on top of others. The overall effect is a complex, multi-colored pattern that fills the left and center of the page.

Summary and Action Plan

Last Meeting

- Draft Recommendations Presentation
 - Rich Landen described the process he and Arien Malec took to synthesize recommendations from the Task Force strawman and other materials, and went through the draft Recommendations section of the document.
 - Task Force members to provided feedback and discussion on the draft, including notes on the need to streamline and reduce repetitive content.
- Walk-Through of Draft Report Structure
 - Described and reviewed the overall document so far, and requested that members review and comment offline to discuss today (8/18).

A large, abstract graphic on the left side of the slide, composed of various colored triangles and polygons in shades of blue, green, yellow, and orange, creating a complex, layered geometric pattern.
