Mark Savage	University of California, San Francisco's Center for Digital Health Innovation
Michelle Schreiber	CMS
Abby Sears	OCHIN
Sasha TerMaat	Epic
Andrew Truscott	Accenture
Sheryl Turney	Anthem, Inc.
Daniel Vreeman	RTI International
Denise Webb	Indiana Hemophilia and Thrombosis Center

Phase 2 Work

- | | <u>Due</u> |
|---|--------------------------|
| <p>1 Evaluate Draft USCDI v2 and provide HITAC with recommendations for:</p> <p>1a - Data classes and elements from USCDI v1 including applicable standards version updates</p> <p>1b - New data classes and elements from Draft USCDI v2 including applicable standards</p> <p>1c - Level 2 data classes and elements not included in Draft USCDI v2</p> | Complete |
| <p>2 Evaluate the USCDI expansion process and provide HITAC with recommendations for:</p> <p>2a- ONDEC submission system improvements</p> <p>2b* - Evaluation criteria and process used to assign levels to submitted data classes and elements</p> <p>2c*- Prioritization process used by ONC to select new data classes and elements for Draft USCDI v2</p> | September 9, 2021 |
| <p>3 Recommend ONC priorities for USCDI version 3 submission cycle</p> | September 9, 2021 |

*The Task Force intends to deliver Task 2b and 2c recommendations to the HITAC at its June 9, 2021 meeting

HL 7® US Realm Perspective on USCDI Changes

Version 2 Submission Evaluation Criteria

CRITERIA	COMMENT LEVEL	LEVEL 1	LEVEL 2
Maturity-Current Standards	May be represented by terminology standard <u>or</u> element of Standards Development Organization (SDO) balloted technical specification	<u>Must</u> be represented using terminology standard <u>or</u> element of SDO-balloted technical specification	<u>Must</u> be represented using terminology standard <u>or</u> element of SDO-balloted technical specification
Maturity-Current Use	Limited test environments, or pilots	Limited production environments, 1 or 2 different systems	At scale in production environments more than 2 different systems
Maturity-Current Exchange	Limited exchange with external organizations, on same or different EHR/HIT systems	Exchanged between 2 or 3 organizations with different EHR/HIT systems	Exchanged between 4 or more organizations with different EHR/HIT systems
Use Cases-# Stakeholders Impacted	Used by few stakeholders, or for narrowly defined conditions or events.	Pertinent to many, but not most patients, providers or events requiring its use	Pertains to majority of patients, providers or events requiring its use

USCDI v3 Update Cycle

Draft Prioritization criteria for USCDI v3 submissions

- Level 2 data elements
- Significant gaps in USCDI concepts
- Supported by existing ONC Certification
- Modest technical standards development
- Modest aggregate lift for vendor development and implementation, esp. during pandemic

OR

- Address an identified priority data exchange need:
 - Equity
 - Data underserved stakeholder group
 - Priority use case, e.g., Public Health, pandemic response

Phase 2 Scheduled Meetings

- May 4, 2021
- May 11, 2021
- May 18, 2021
- May 25, 2021

Public Comment

To make a comment please call:
Dial: 1-877-407-7192

*(Once connected, press “*1” to speak)*

All public comments will be limited to three minutes.

You may enter a comment in the
“Public Comment” field below this presentation.

Or, email your public comment to onc-hitac@accelsolutionsllc.com.

*Written comments will not be read at this time,
but they will be delivered to members of the Task Force and made part of the Public Record.*
