

ONC Health IT Certification Program

HIT Policy Committee - Certification Hearing

May 7, 2014, 9:00 a.m. to 4:00 p.m. EDT

**Washington Plaza Hotel, 10 Thomas Circle, NW,
Washington, DC 20005**

Lee Stevens, Interim Director

Office of Certification

ONC HIT Certification Program + CMS Sequence

Start

Developer creates EHR products to meet certification criteria

Developer submits EHR to **ATL** for testing to selected criteria & **ATL** generates test report

Developer submits test report and other required document to **ONC-ACB** for certification & **ONC-ACB** issues certificate for scope of capabilities tested

ONC-ACB submits certified EHR products to **ONC** for listing on **CHPL** pending **ONC** validation

MU processes for reference

EP/EH/CAH selects certified product(s) from **CHPL** that were used to demonstrate **MU** and generates **CMS EHR ID #** representative of selected product(s)

Provider submits EHR Certification ID to **CMS** as part of **MU** attestation and **CMS** validates as part of process

End
